01

All-in-One POS

Modern, intuitive POS solutions featuring touchscreen interfaces, cloud compatibility, multi-device synchronization, advanced reporting, and enhanced security (including end-to-end encryption for payment transactions).

02

Printers

Reliable, high-quality thermal printers that offer fast printing speeds, exceptional resolution, and multi-format capabilities for receipts, labels, and more.

03

Barcode Scanners

High-speed, accurate barcode scanners that support multiple barcode formats, wireless operation, and exceptional scanning precision to improve efficiency and reduce errors in your business.

04

Other POS Peripherals

Beyond POS systems, printers, and barcode scanners, we offer a variety of additional peripherals to support the specific needs of your business

All-in-One POS System Y-S310 15.6inch screen

CPU: J6412 1.5M Cache, up to 2.60 Ghz
Display Screen: 15.6" LCD capacitive touch screen
Wifi/Bluetooth: Dual-band wifi 6 Ax200/Bluetooth 5.0
Resolution: 1920*1080
I/O Interface: USB*6 HDMI*1 SP*1 MIC*1 COM*6
 RJ45*1 Type-C*1
Power: DC 12V 5A
Memory: DDR4 4G-16G
Storage: M.2 128G-512G
Operation System: Win10/11
Color: black / silver

All-in-One POS System Y-S350 15 / 17 inch screen

CPU: J1900/J4125/J6412/i3/i5/i7
Display Screen: 15"/17" LCD capacitive touch screen
Wireless Network: IEEE 802.11b/g/n/ac (2.4G/5G)
Resolution: 1024*768 / 1280*1024 (17")
I/O Interface: USB*6 MIC*1 COM*1 RJ45*1 SPK*1
 LPT*1 VGA*1 DC In*1
Power: DC 12V 5A
Memory: DDR3 4G-16G
Storage: 64G - 1TB
Operation System: Windows
Color: black / white

All-in-One POS System Y-C980 15.6 inch screen

CPU: J1900/i3/i5/i7
Display Screen: 15.6" capacitive touch screen
Wifi / Bluetooth: Dual-band wifi 6 Ax200/Bluetooth 5.0
Resolution: 1366*768 / 1920*1080
I/O Interface: DC IN*1 VGA*1 RJ45*1 RJ11*1 COM*1
 MIC*1 SPK*1 USB*6
Power: DC 12V 5A
Memory: DDR4 4G-16G
Storage: M.2 128G-1TB
Operation System: Windows / Android / Linux
Color: white / rose gold

All-in-One POS System

Y-S330 15 inch screen

CPU: J1900 / J4125 / J6412 / i3 / i5 / i7

Display Screen: 15" LCD capacitive touch screen

Wireless Network: IEEE 802.11b/g/n/ac (2.4G/5G)

Resolution: 1024*768

I/O Interface: USB*6 SP*1 MIC*1 COM*1 RJ45*1 RJ11*1 TF*1

Power: DC 12V 5A

Memory: DDR3 4G-16G

Storage: 64G-1TB

Operation System: Windows

Color: black / silver

All-in-One POS System

Y-A1853 18.5+15.6 inch screen

CPU: J1900/J4125/J6412/i3/i5

Display Screen: 18.5" capacitive touch screen

Resolution: 1366*768

I/O Interface: COM*1 DC-out*1 Audio*1 USB2.0*4 RJ45*1 USB3.0*2 VGA*1 HDMI*1 DC-in*1

Power: DC 12V 5A

Memory: 4G-16G

Storage: 128G **Wireless Network:** IEEE 802.11b/g/n/ac (2.4G/5G)

- 512G

Operation System: Windows

Self-Service Terminal

Y-Z810 23.8 inch screen

CPU: J6412-i7 12 generation

Display Screen: 23.8" HD LCD touch screen

Wireless Network: Dual-band wifi 6 Ax200/Bluetooth 5.0

Resolution: 2560*1440

I/O Interface: USB*4 SP*1 MIC*1 RJ45*1 RJ11*1 HDMI*1

Power: DC 12V 8A

Memory: DDR4 4G-16G

Storage: M.2 128G-2TB

Operation System: Win10/11

Color: black /silver/white

Why choose high-quality receipt printers?

Speed and Reliability: Fast print speeds ensure that transactions, inventory checks, and shipments are processed quickly, without delays.

Durability: These printers should be built to last, able to handle high volumes of printing without frequent breakdowns.

Multi-format Printing: The ability to print receipts, labels, and barcodes in a variety of formats ensures that businesses can meet all their printing needs.

Cost Efficiency: Thermal printing technology used in most receipt and barcode printers is cost-effective and requires minimal maintenance, making it a smart choice for businesses.

Quality Products, Benefiting Buyers!

Thank you!
